

## **08/14 Parallel Session GW SAG**

**16:00-16:45** The situation in Europe and the rest of the world

- L1 process:
  - NGO Consortium construct
  - SSAC and SPC decisions
- L2/Cornerstone process:
  - NGO/eLISA Organization in Europe
  - Partnership options for Europe

**16:45 - 17:00** Discussion

**17:00 - 17:30** Role of the GW-SAG (GM, Someone from PCOS) 30min

- GW-SAG within PhysPAG
  - Depends on existence or non-existence of a Study team at GSFC/JPL and a GW-Science team
  - If GW-SAG is all, do we have to push for an expansion of number of supported people (travel support)?

## **08/15 Parallel Session GW SAG**

**13:30 - 15:00** Exploring options for the NASA

- Junior Partner with ESA
- Full partner with ESA
- Doing it alone
- Other international partners

in light of expected funding profiles

Different technology programs/plans for different options

- Being aware of ESA's way of doing business.
- How to prioritize technology plans?

**15:30 - 17:30** How do we continue?

Wrap up
